

PRESS RELEASE
August 6, 2003

For immediate release

Norwalk, CT—August 6, 2003 OfficePower, L.L.C. (<http://officepowerllc.com>) today announced the appointment of Alfred T. (Al) Baker, P.E., as Director of Electrical Engineering of OfficePower. Mr. Baker previously served for 16 years as President of A.T. Baker Electrical Consulting of Bohemia, New York.

Commenting on the appointment, Joel R. Wilson, CEO of OfficePower, L.L.C. said, “We are extremely pleased to have someone with Al Baker’s background and reputation join our team. Al is a legend in the power industry. We and our customers will benefit greatly from his knowledge of the industry and his specialized expertise in system design and utility interconnections.”

Mr. Baker’s prior clients include AT&T, Avon, Dupont, Edward S Gordon, KeySpan, LIPA, Reckson Associates, The Shorenstein Company, Tishman-Speyer, Coca-Cola Bottling, Holiday Inn, TBG-Cogen Partners/Grumman Corporation, Rockefeller Center, Estée Lauder, IBM, and numerous hospitals, universities and medical buildings in the tri-state area. Mr. Baker is a Professional Engineer registered in New York, New Jersey, and Connecticut. Mr. Baker is a graduate of Manhattan College and studied for his Masters in Nuclear Engineering at C.W. Post. He is also the author of numerous articles and served as an instructor in Electrical Engineering for IBEW-Local 25.

OfficePower, a leader in distributed generation, provides a total energy solution to multi-tenant office building owners. OfficePower installs, owns and operates state-of-the-art, gas-fired, distributed generation units that produce reliable, high quality, and environmentally-friendly power and supplemental thermal energy. OfficePower’s systems provide an efficient, no-cost way for office property owners to provide the power, reliability and quality that will keep their facilities state-of-the-art and a step ahead of their competition.
